

Infesting Beliefs

Metal Law

Trapped in a prison called faith
Brainwashed and trained to violate
To destroy instead of to create

They are like a bad disease
Making you fall on your knees
Believing nothing but their lies

What they spread - infesting beliefs
Until no free minds remain
What they spread - infesting beliefs
Just believe and you'll be saved

You think you're living your own way
As long as you do what they say
It's your intellectual decay

They want you empty, deaf and blind
To put their thoughts into your minds
There's one god for all mankind

What they spread - infesting beliefs
Until no free minds remain

Your mind is lost in fantasy
Made by he who leads your destiny
Enslaved by false morality
Confess and reach for sanity

What they spread - infesting beliefs
Until no free minds remain
What they spread - infesting beliefs
Just believe and you'll be saved
