

Right To Rock

Metal Law

Time to remember, a brand new way
Our numbers are growing, stronger every day
Try to forget it, it was difficult to stay
We'll fight our battles, all beaten on our way

We're hoping, we're fighting
We're winning against the mighty force

The right to rock
Never stop
Unchain the power of the night
Too wild to tame
Time to rock
Only the strong will survive

My heart's beating faster, the pulse starts to rise
The guitar is playing, screaming every night
Our flag is rising, a sign of the times
Taking you higher, pounding hard and strong

The right to rock
Never stop
Unchain the power of the night
Too wild to tame
Time to rock
Only the strong will survive

The right to rock
Never stop
Unchain the power of the night

We're hoping, we're fighting
We're winning against the mighty force

The right to rock
Never stop
Unchain the power of the night
Too wild to tame
Time to rock
Only the strong will survive
