```
The Metalian ... He who has survived all tasks...

He who has abolished conformity...

He who has been true to his dream ...

and loyal to... PURE... METAL!

Still missing...

Her ... She.... Womb of the earth...

Creator of all life .. Key to completeness

Spread into parallel universes... Long ago ... to find ... HIM.

.. ON THE

OTHER SIDE

Dreams might tell the future... who knows ?

Visions getting clearer ... as the legend continues

of the ... NEW...BORN... METALIANA
