

Break Out

Metalium

Combats Were Fought
Dominated Them All
Never Been Frail Or Defeated
No Weakest Link Has Been Found
In Our Rows
Soon We'll See Our Victory

Men Of Steel And Honour,
Not One Disbeliever
Our Spirit Broke The Ice
But Still There's The Feeling
There Must Be More
Voices Keep Telling Me
Of Their Great Device

Forced By Higher Power
In The Final Hour
Bright Lights Guiding Me, On My Way
Voices Keep Telling Me Of This Device
Gods, Looked Me Straight In The Eyes

Break Out
To Be The Master
Together We Will Never Fall
No Doubt
Expanding Faster
Metalians Conquer Them All

(Goddess Of The Air)
Find The Elements Of Power
Fire, Wind, Earth, Water
Follow The Way Of Animus

(Goddess Of The Earth)
If You Succeed
You Will Become Our Envoy

Break Out
To Be The Master
Together We Will Never Fall
No Doubt
Expanding Faster
Metalians Conquer Them All

(Goddess Of The Fire)
Be The Master
Be The Master
Be The Master

I'll be The One
