

Earth in Pain

Metalium

As we are standing here
After surviving endless tasks in many worlds of the past
from the Millennium Gate until we stood strong As One

Now, seeing that as the only race, Human is killing its own species,
Now, feeling the ignorance against all natural powers
Now, hearing the call of greed

Will man stand the test of time?
Don't you dare try to rewrite Genesis!
or you will become a DEMON OF INSANITY !!!
