

Hellfire

Metalium

Is this for real or am I dreaming
The state of hope's left behind
Condition's bad - screams of the demons
Can't find out cause I'm blind

The wrath of doom is nailed on my feelings
The pulse of death is too weak

Hellrider
My blood's on fire
Hellfire
Takes me higher

Majestic feelings crawl through my veins
Until the beast falls asleep

The wrath of doom is nailed on my feelings
The pulse of death is too weak

Hellrider
My blood's on fire
Hellfire
Takes me higher

And I send a prayer
Just to find a way
Still I'm losing my mind
