

Mindless

Metalium

Creating power madness
Claws reach out for me
They spread their truth, won't set me free

"Vengeance" they scream and shout loud
Fight their battle to win
Someday they'll all pay for our sins
They spread their truth, won't set me free

We're raised to eat the madness
Believe it
Can't get enough - they can not get enough - get enough
And in the end they'll seal your fate

Mindless
Forever despised and revealed
Eternal
Eternal lies
Mindless
Their hands try to reign destiny
Honesty
Honesty dies in vain

A sign of persecution
Evil's all around
The demon's hands push you to the ground

They know that we're so helpless
Possess us
And in the end we're all gonna pay

Mindless...

(Solo)

Mindless...

Demons, Demons, Demons, Demons hands push you to the ground
