

Power of Time

Metalium

Human race is about to invent themselves
Manipulating the genes of the Genesis

They make us believe
They are our saviours
Meant to receive
Countless betrayers

Time
Feel the power of the time,
Sign
Learn the lesson, see the sign
Time
Feel the power of the time,
Mine
Hear the message, fate is mine
DON'T YOU GIVE UP !

Don't fear you're running against all the odds again
You see you're crumbling, avenging the swords

They make us believe
They are our saviours
Meant to receive
Countless betrayers

Time
Feel the power of the time,
Sign
Learn the lesson, see the sign
Time
Feel the power of the time,
Mine
Hear the message, fate is mine
DON'T YOU GIVE UP !

The power of time, our earth in pain
The power of time, we'll go insane
