

# Visions of Paradise

Metalium

Come and take your fears away  
Don't be locked forevermore  
You will see how it could be  
Aaaahhhh  
There's a world that we don't know  
A better one for all of us  
Would you join me for a ride ?  
Oooohhhh

Something is calling for me  
No matter if you're gonna fear it  
Let`s take a ride - you will see  
Ahhhhhhhhhhhhhhh

Visions of paradise  
Pictures we see inside  
Now's the time that these dreams come true  
Visions that shine so bright  
Pictures we have in mind  
And they'll lead us out of the fire

Now we leave our world behind  
We will find another way  
Just to travel space and time  
Aaaahhhh  
Don't stay waiting for the end  
You'd be acting like a fool  
The future is in our hands  
Ooohhhh

Something is calling for me  
No matter if you're gonna fear it  
Let`s take a ride - you will see  
Ahhhhhhhhhhhhhhh

Visions of paradise  
Pictures we see inside  
Now's the time that these dreams come true  
Visions that shine so bright  
Pictures we have in mind  
And they'll lead us out of the fire  
Ohohohohoahhhhhhhhhhhhhhhhhhhhh

[Chorus x2]
