Broken, Beat & Scarred

Metallica

You rise, you fall, your down, then you rise again What don't kill you make you more strong You rise, you fall, your down, then you rise again What don't kill you make you more strong

Rise, fall, down, rise again What don't kill you make you more strong Rise, fall, down, rise again What don't kill you make you more strong

Through black days Through black nights Through pitch black insights

Breaking your teeth on the hard life coming Show your scars Cutting your feet on the hard earth running Show your scars Breaking your life Broken, beat and scarred But we die hard

The dawn, the death, the fight to the final breath What don't kill you make you more strong The dawn, the death, the fight to the final breath What don't kill you make you more strong

Dawn, death, fight, final breath What don't kill you make you more strong Dawn, death, fight, final breath What don't kill you make you more strong

They scratched me They scraped me They cut and rape me

Breaking your teeth on the hard life coming Show your scars Cutting your feet on the hard earth running Show your scars Breaking your life Broken, beat and scarred But we die hard

Breaking your teeth on the hard life coming Show your scars Cutting your feet on the hard earth running Show your scars Braiding your soul in a hard luck story Show your scars Spilling your blood in a hot suns foray Show your scars Breaking your life Broken, beat and scarred We die hard

We die hard

We die hard
