

# King Nothing

Metallica

Wish I may  
Wish I might  
Have this I wish tonight  
Are you satisfied?  
Dig for gold  
Dig for fame  
You dig to make your name  
Are you pacified?

All the wants you waste  
All the things you've chased

Then it all crashes down  
And you break your crown  
And you point your finger  
But there's no one around

Just want one thing  
Just to play the king  
But the castle's crumbling  
And you're left with just name

Where's your crown, King Nothing?  
Where's your crown?

Hot and cold  
Bought and Sold  
A heart as hard as gold  
Yeah! Are you satisfied?

Wish I might  
Wish I may  
You wish your life away  
Are you pacified?

All the wants you've waste  
All the things you've chased

Then it all crashes down  
And you break your crown  
And you point your finger  
But there's no one around

Just want one thing  
Just to play the king  
But the castle's crumbled  
And you're left with just a thing

Where's your crown, King Nothing?  
Oh, where's your crown?

Huh!

(Spoken)  
I wish I may  
I wish I might  
Have this wish I wish tonight

I want that star  
I want it now  
I want it all and I don't care how

Careful what you wish  
Careful what you say  
Careful what you wish  
You may regret it  
Careful what you wish  
You just might get it

Then it all crashes down  
And you break your crown  
And you point your finger  
But there's no one around

Just want one thing  
Just to play the king  
But the castle's crumbled  
And you're left with just a name

Where's your crown, King Nothing?  
Nothing

No you're just nothing  
Where's your crown, King Nothing?  
No you're just nothing  
absolutely nothing

Off to never never land
