Purify

Metallica

Tear it down
Strip the layers off
My turpentine
Old pain, old looks
Cover up the past
White heat, white light
Super white bones
Bones of you and I

Pure if I... Can't you help me?
Pure if I... Won't you help me?
Purify you and I (2x)
Pure if I... Can't you help me?
Pure if I... Won't you help me?
You and I purify (2x)
Purify

Truth and dare
Peeling back the skin
Acid wash
Ghost white
Ultra clean
Wannabe skeleton
Clear eyes
Diamond eyes
Strip the paste of mine
My sweet turpentine

Pure if I... Can't you help me?
Pure if I... Won't you help me?
Purify you and I (2x)
Pure if I... Can't you help me?
Pure if I... Won't you help me?
You and I purify (2x)
Purify

I can find the dirt on anything (2x)

I ain't dancing with your skeletons
I ain't dancing with what might have been

Pure if I... Can't you help me?
Pure if I... Won't you help me?
Purify you and I (2x)
Pure if I... Can't you help me?
Pure if I... Won't you help me?
You and I purify (2x)
Come on, purify
