

# Rebel of Babylon

Metallica

Rebel grip your bottle tight  
Just float away  
Rebel is it hard to leave  
What makes you stay?

Go take your poison ink  
Sign life away  
Then take your dirty spoon  
And dig your grave  
Dig your grave

Rebel grips the bottle tight  
Just floats away  
Rebel finds it hard to leave  
What makes you stay?

He takes the poison ink  
Signing life away  
Then takes the dirty spoon  
And digs his grave

Let this dark shine  
Let this dark shine  
Let it shine bright  
Don't let it burn out tonight

Kill me one more time  
Stigmata  
Kill me one more time  
Neo martyr

Gonna die young  
Gonna live forever  
Kill me one more time  
Rise up  
Rebel of babylon

Renegade fights the fight  
That no one wins  
He claims a crown of thorns  
To pierce the skin

He climbs his crucifix  
And waits for dawn  
Thinks they'll remember him  
After he's gone

Let this dark shine  
Let this dark shine  
Let it shine bright  
Don't let it burn out tonight

Kill me one more time  
Stigmata  
Kill me one more time  
Neo martyr

Gonna die young  
Gonna live forever  
Kill me one more time  
Rise up  
Rebel of babylon

Rise up  
Rise up  
Resurrection

The rebel fights the fight  
That no one wins  
To claim a crown of thorns  
To pierce his skin

Climbs his crucifix  
And waits for dawn  
He loses consciousness  
The myth lives on

Let this dark shine  
Let this dark shine  
Let it shine bright  
Don't let it burn out tonight  
Tonight

Kill me one more time  
Stigmata  
Kill me one more time  
Neo martyr

Gonna die young  
Gonna live forever  
Kill me one more time  
Rise up  
Rebel of babylon

Rise up  
Rise up  
Resurrection
