

# The End Of The Line

Metallica

Need... More and more  
Tainted misery.

Bleed... Battle scars  
Chemical affinity.

Reign... Legacy  
Innocence corrode.

Stain... Rot away  
Catatonic overload.

Choke... Asphyxia  
Snuff reality.

Scorch... Kill the light  
Incinerate celebrity.

Reaper... Butchery  
Karma amputee.

Bloodline... Redefine  
Death contagious deity.

Hooked into this deceiver  
Need more and more  
Into the endless fever  
Need more and more

New consequence machine  
You burn through all your gasoline.  
Asylum overtime  
Nevermind...  
You've reached the end of the line.

Time... Choke the clock  
Steal another day.

Die... Faithfully  
Narcissistic fade away.

Twisted... Jump the rail  
Shatter the crowd below.

Breaker... Chase the ghost  
From latest high to alltime low.

Hooked into this deceiver  
Need more and more  
Into the endless fever  
Need more and more

New consequence machine  
You burn through all your gasoline.  
Asylum overtime  
Nevermind...  
You've reached the end of the line.

Drop the hourglass of time  
Spilling sand we will not find  
As we gather here today  
We bid farewell...

The slave becomes the master.  
The slave becomes the master.  
The slave becomes the master.

The slave becomes the master  
Need more and more  
Right now and everafter  
Need more and more

New consequence machine  
You burn through all your gasoline.  
Asylum overtime  
Nevermind...

Dead hourglass of time  
Sand we will not ever find  
We gather here today  
Say goodbye  
Cause you've reached the end of the line.

The end of the line.  
The end of the line.  
The end of the line.  
You've reached the end of the line.
