Greetings, earthlings
We have now taken over your radioooo.....

Goin' straight through the hole
You ain't got no game
I'm breakin' ya out the frame
Coming through like a train
Looking to take over the world is my goal
With my unstoppable crew takin' all control
You can't get none of this, we're runnin' this
Well taker, earth shaker, 3 point gunnin' this
Get out the lane, i'm comin' through
And if you don't wanna move then i'm comin' right through you

It's like inch by inch and step by step
I'm closing in on your position and destruction is my mission
Though eight is not enough, your whole squad better duck
It's like switch when I bust
Now you're whole crew is dust
Comin' through my area, i'ma have to bury ya
The real scream team on your scream scene
It's like showdown on the range
Go tell me who wanna tangle with the
ghetto witch-doctor neighborhood superhero?

We want it all (want it all!)
Unstoppable, we run the floor (run the floor!)
You can't take none of this hardcore (hardcore!)
In the game we take you to war (war!)
You ain't seen nothin' like this before

If I hit 'em high, hit 'em high, hit 'em high And you hit 'em low, hit 'em low, hit 'em low If I hit 'em high, hit 'em high, hit 'em high And you hit 'em low, hit 'em low, hit 'em low

Insane like a runaway train i'm in your lane Like it's only 3 seconds to score to win the game Came to bring the ultimate pain upon the brain Untamed, you won't like it when I change And you are type strange Make room, manaical monster in the game And I got my eye on you Deadshot aim, as free throws keep comin' down like rain You feelin' me, I'm feelin' you The Monstar again, i'm tellin' you Pass me the rock, now i'm headed to the basket Get up out my way is what you better do My tactics is unsportsmanlike conduct You better ask it Don't get no better than this, you catch my drift? You get stripped by ballhandlers ruled by Swackhammer Danger, you're dealin' with offical hoop-bangers With hang time like a coat hanger Jump, with thunderous 360-degree type dunks What up doc? The Monstar funk

Lightning strikes and the court lights get dim Supreme competition is about to begin Above the rim, finessin' and moves is animated Once I get to ballin', I can't be deflated I'm rugged raw, my Monstars is gettin' money When clicks get to buggin', I'm snatchin' up their bunnies (Uhh!) Every step I take shakes the ground I'll make you break your ankles, son, shakes you down This is my planet, I'm bout business The best that ever done it, can I get a witness? (Uhhh!) Cumulus clouds bring darkness up above You in it for the money? Or in it for the love, M.J.? 23 ways to make a pay Loungin' in the mothership back around my way (Uhh!) I'm 28 light years old If the refs get political, dribble like Bob Dole Am I gettin' lyrical? Daddy, I think so Monstar droppin' flavor fluid so drink slow Yo, god bless!! Pick up your chest Here's an example of how I can stress your full court press With finesse, I bench-press your stress whenever you test We're speed ballin', on the fastbreak just like the pony express I'm gonna mingle in your face and take the lid off Just use your head and forfeit the game You and your team just need to back off!! Get off my block, gimmie the ball, I said it's my rock!! I'm startin' a line-up by gettin' y'all to bring the livestock Throw all your money in the pot

And make sure you bet all your money on my bank shot When we come right through tell me what you really gonna do? We'll leave your team name in shame and take your talent from you While you abandon your ship, we take your championship With nothing left for you to see except the instant replay clip

Money spending, goal tending, stay-bending teams like crash cars

They be the Monstars!!!!!

Who do they be?
