As I brush off my shoulder, that's right
My nigga Scott Storch keep bringing it back like (back like)

R: Is it me, or is it these, niggaz in it for cheese
Is it me, all my enemies, hating on Killa Beez
Is it me, or is it me, that ain't feeling M.C.'s
With the top down, wheeling the v, feeling the breeze
Is it me, or is it these, niggaz spitting the same
Is it me, all my enemies, throwing shit in the game
Is it me, or the industry that really got to change
Once again, it's Wu-Tang, in case y'all forgot the name

My, flow's, no holds barred, Holy Jihad

When you spit that, forget that, I eat these niggaz food

And the shit wrapped, where Cliff at? Tell 'em Mr. Meth got his shit back
The gift back, sign, sealed, delivered and gift wrapped
And when you hear that click-click (click-click)

Get killed off, man how did you get caught with all the rocks
And still walk, no matter what you mix with a pig
You still pork, and money is still forced (still forced)
