Ask Miss Hill, half these critics ain't got half this skill Often so hungry that they have to steal If I didn't have my deal, and didn't have this mass appeal Then I'm back up in that trap, swingin' crack it's real And that ain't worth the time, so search and find a new nerve And here's three words: stop working mine

It take a lot more to hurt my pride

Jerk my vibe more than media lies, cry when dirt dog die nigga

The last album wasn't feeling my style

This time my foot up in they ass but they feelin' me now

Cause Tical, he put his heart in every track he do

But somehow yall find someway to give a whack review

It ain't all good, they writin' that I'm Hollywood

Tryin' to tell you my shit ain't ghetto and they hardly hood

Come on man, until you dudes can write some rhymes

Keep that in mind when you find yourself reciting mines
