We can all get by if we want now

Get a phat piece of the pie if we want

Motherfuckers gettin' mad high when they want now

I will survive, recognize it be Tical

Word up, our niggas is strapped, ready for war on the ill block Things just ain't peace no more, fuck it

If you ain't with me then forget me

Niggas try to stick me, retaliation, no hesitation, shifty

Creepin' niggas in the dark, triggas with no heart

Rippin' ass apart, I'll be swimmin' with the sharks now

Stay out my water or it's manslaughter

Kid, you oughta start reachin' for that nickle-plated auto
Matic, my thoughts get sporadic, loaded raps

Bustin' mad shots to ya attic

They say this hazard, this flows a hazard

Straight from Hazard County with a bounty on his head, and it s
aid

"Wanted Dead or Alive," I swear by the whites of they eyes

To never take a dive I will survive

We can all get by if we want now

Get a phat piece of the pie if we want

Motherfuckers gettin' mad high when they want now

I will survive, recognize it be Tical

Shit's gonna happen if niggas start actin'
Like they want problems, you want 'em, you got 'em
Rap contact, is writin' this exactly, the way it should be
Attacked, Killer Beeeees on a swarm
So what my martial law drops bombs like Qur'an
The ism helps to stimulate my pugilism
I bust rhymes like jizm, impregnate the rhythm with the wisdom
Decipher the flow, I be hyper, I bring all the styles
That rekindle like old flames
Saliva, check the wicked flows I deliva
Oops, I mean deliver like the Hudson River
Styles be tight, trite like a thief in the night
I be the sneaky-ass nigga bustin' nuts in yo wife
Blasted, buggin' off Bacardi and acid
Flippin' on the mic, it's a classic
