

I Really Want You

Methods Of Mayhem

If I had you, I could be a better man
I could be all the things that make you want to stay
If I had you, I could have a better plan
I could be the sun that shining through your cloudy day
Cause I'd love to get you baby, even if it's only for one day
Cause your love, is so addicting you're the kinda drug I'd like
to take

You- you- know she really really fine but it's
Not-Not-like I just wanna have a good time
I REALLY WANT YOU.... I REALLY WANT YOU
You- you- know she really really mine cause she's
Not-Not-like any other girl you could find

Im lookin' at you, and all the things I wanna do to you
Your lookin' so sexy, wontcha' let me in girl
Wontcha' let me take you for a ride

You- you- know she really really fine but it's
Not-Not-like I just wanna have a good time
I REALLY WANT YOU.... I REALLY WANT YOU
You- you- know she really really mine cause she's
Not-Not-like any other girl you could find
