

Only One

Methods Of Mayhem

All you say is you want ...only one
All you do is take
To me, it's your fun.. look what you've done...you lied
You lied

Now you say you hate, everyone
Are you able to face?....me.
I'll take you to a place....come along
Tonight tonight

Now I feel like im on to somethin' big and beyond like nothin'
I've ever seen
I think I know what you mean now
Now I feel like im on to somethin' big and beyond like nothin'
I've ever seen
And I feel the one, and I feel the one, do you feel the ONE.
