

## Talk Me Off the Ledge

### Methods Of Mayhem

you got your panties in a bunch again  
i turn, here comes that sucker punch again  
you said that we were through i needed to be over you  
it started with an innocent cup o' joe....

now you wanna know now you wanna know  
now you wanna know.....

i gotta talk you off the ledge  
i gotta talk you off the ledge

you play your games, i won't participate  
i'm not a bracelet you can confiscate  
you said that we were through i needed to get over you  
i didn't know you'd go and change your mind again

now you wanna know now you wanna know  
now you wanna know...

i gotta talk you off the ledge  
i gotta talk you off the ledge
