

True to Me

Metro Station

She turned me on, but now I'm shaking
She shoots it in, and I keep taking
But they don't see, she's down with me
Tonight
(It's time to push off)

She's such a rush, she's such a crush
She's one in a million
She's such a rush, can't get enough
She's pumping through my veins
She's too fun to be, so gone with me
She's too good to be true, to me

She's over my head, she's all I need
I'm so strung out, she's out of my league
But they don't see, she's down with me
Tonight
(It's time to push off)

She's such a rush, she's such a crush
She's one in a million
She's such a rush, can't get enough
She's pumping through my veins
She's too fun to be, so gone with me
She's too good to be true, to me

Oh, oh, she's too good to be true
I'm hooked on, when we do what we do
Can't you see, she's the sweat on my sheets?
Can't you see, she's all that I need?
Can't you see, she's all that I need?

She's such a rush, she's such a crush
She's one in a million
She's such a rush, can't get enough
She's pumping through my veins
She's too fun to be, so gone with me
She's too good to be true, to me

Too good to be true, to me
Too good to be true, to me
