How Say

Metronomy

You really hurt me, you left me out in the rain
You left me nothing but a lot of memories and pain
I thought that you were happy
That we would be forever but I was wrong
I couldn't see the signs you gave
You never even let me know, no, no, no
How could you say you love me
If you really didn't mean it?
I gave you all the love I had to give
Baby, I trusted you with all my heart
You took my love, tore it apart
How could you say you love me
If you didn't mean it, if you didn't mean it?
No, no, didn't mean it
I never left your side, I was there through thick and thin
And baby when you would cry, your heart I would always mend
How could you throw love away? You left me flat right on my fac

I'm so sad, my feelings all have run away
And I'm living in loneliness, so lonely, so lonely
How could you say you love me
If you really didn't mean it?
I gave you all the love I had to give
Baby, I trusted you with all my heart
You took my love, tore it apart
How could you say you love me
If you didn't mean it, if you didn't mean it?
How could you say you love me
If you really didn't mean it?
I gave you all the love I had to give
Baby, I trusted you with all my heart
You took my love, tore it apart
How could you say you love me
If you didn't mean it, if you didn't mean it?
Tore my love, tore my heart, baby
You hurt me so bad, now I'm standing here so sad
Oh, babe, oh, my, my baby
Don't know what to do
Don't know what to say
Don't know how to feel, hurt me so bad
If you didn't mean it
You shouldn't have said
