

Carry Me to Safety

Mew

Oh referee, carry me to safety
I can tell, I can tell
You wish me well
Thirty thousand, there is someone more than
Give them hell, give them hell
Unto the bell

As I run, I wave to everyone
To each and every, beholder
And I so, wanna be grateful
But nothing keeps me so
I'm just coming home

Pain in my chest; promised you I'd fixed this
But I, almost died
Ouch injury
I can run no longer
Carry me, carry me to safety

As I run, I wave to everyone
To each and every, beholder
And I still, wanna be grateful
But nothing keeps me so
I'm just coming back home

A life to live as me
A moment that feels free
Let you be collided
Singing out the days
You smile as if to say
"Now our stories ending"

Those physical structures.
Mountainous landscapes of colorful lights (I'm still lonely inside)
Those physical structures.
Mountainous landscapes of colorful lights (I'm still lonely inside)

Come, let's wave to everyone
They came all this way to see us
Absolve our, enemies and ghosts
To catch the autumn show
We're just coming home
