Mew

Saw the candy turn to corn
Well, it's like the morning's born
And I'll try to like horses
And I'll try to like horses
Now I'm there, you didn't know
Try to think about the snow
Don't be riding over me
'Cause you are all that I can see
I'll try to like horses
And I'll try to like horses

I'll be glad with Andy Pandy
Feed the horses with your candy
I'm the stray cat on your roof
Clap your hands and lift your hoof
And I'll try to like horses
