

## Yellow Spider

mewithoutYou

We took the twine we used to use  
to tie up tight our tattered shoes  
twisted twigs and crooked cross  
a necklace for the deeply lost  
Builder with the broken bricks  
mother to the baby chicks  
you made this world to look so nice  
I wonder what the next one's like?  
yellow spider  
yellow leaf  
confirms my deepest held belief...
