

La La...

Mia Martina

Oh la la oh la la oh la la
Oh la la oh la la oh la la
Oh la la oh la la oh la la
Oh la la oh la la

Hush not a sound
Let your fingers do the talking now
Boy I heard that you were good like that
Just a touch
Can't you hear my body crying now
Where'd you learn to put it down like that

And who knew
You could do the things you do uh hun
Who knew
You could do the things you do
And I'm gone
I'm no longer holding on uh hun
I'm gone
Love it when I come undone

Oh la la oh la la oh la la (baby)
Oh la la Oh la la oh la la
Oh la la Oh la la oh la la (baby)
Oh la la Oh la la
Baby hold me down don't be shy
I could show you the way, show you what I like
Oh la la oh la la oh la la (baby)
Oh la la Oh la la

Oh I'm on a high
With emotions that I can't hold back
No I couldn't even if I wanted to
Take your time
Boy you know you got the inside track
And I'll meet you at the halfway, oh

And who knew
You could do the things you do uh hun
Who knew
You could do the things you do
And I'm gone
I'm no longer holding on uh hun
I'm gone
Love it when I come undone

Oh la la oh la la oh la la (baby)
Oh la la Oh la la oh la la
Oh la la Oh la la oh la la (baby)
Oh la la Oh la la
Baby hold me down don't be shy
I could show you the way, show you what I like
Oh la la oh la la oh la la (baby)
Oh la la Oh la la

And who knew
You could do the things you do uh hun

Who knew
You could do the things you do
And I'm gone
I'm no longer holding on uh hun
I'm gone
Love it when I come undone

Oh la la oh la la oh la la (baby)
Oh la la Oh la la oh la la
Oh la la Oh la la oh la la (baby)
Oh la la Oh la la
Baby hold me down don't be shy
I could show you the way, show you what I like
Oh la la oh la la oh la la (baby)
Oh la la Oh la la
