

# Stay With Me

Mia Martina

Stay with me...

Stay with me...

Alone she sits upon a star

Where am I, what the hell...

Alone she knows just who we are

Where to fly, when to fall

Stay with me... (La la la)

Stay with me... (La la la)

Stay with me... (La la la)

Stay with me tonight...

Alone she holds on for her life,

Let it go, don't go fight

Alone she watches from the sky

Where'd you go? Where am I?

Stay with me... (La la la)

Stay with me... (La la la)

Stay with me... (La la la)

Stay with me tonight...
