

More Of You

Micah Stampley

Let us be a generation the most hungry for you
Let our song bring a latter rain
We wont be satisfied until your glory falls down
We press into a place of your glorious grace
Let us wake up outta sleep and arise to a place of authority i
n the earth the whole earth waits for the manifestings of sons
let us be the ones let us be the ones...

[Chorus]

More of you is what we need
None of us displayed
so only you can be seen
show us how to love and be more like you
oh lord our maker and king more of you

Let us be a generation the most hungry for you let our song bri
ng a latter rain we wont be satisfied until your glory falls do
wn we press into a place of your glorious grace let us wake up
outta sleep and arise to a place of authority in the earth the
whole earth waits for the manifestings of sons let us be the on
es let us be the ones

[Chorus]

You give pleasure out of living sacrifice I only surrender too
you everything I have is at the foot of the cross its the only
place I can run tooo

[Chorus]
