

Beautiful Heartache

Michael Ball

It was one of those nights
When the moon was just right
Something good was gonna happen
I could feel it inside
That's when I saw her
At a club called 'simply blues'
And the way that we connected
Should have made front page news

She had an electric smile
And an air of confidence
Why she was there alone
Didn't make no sense
I said, 'let's get out of here.
Hey, ain't you tired of this? '
She said, 'well, you put it like that,
How could I resist? '

Chorus:

She was a beautiful, beautiful heartache
Beautiful chance I had to take
She was a beautiful, beautiful heartache
It hurt so good...
I'd gladly make the same mistake

It didn't take long till I was over my head
So many promises were made
So many things got said
I loved her and I thought that she loved me
But some things in this world
Well, they just ain't meant to be

Chorus

No regrets, no tears, no feeling sorry now
That's just a door that had to close
I knew going in that it might not work out
That's just the way the story,
That's just the way the story goes

Chorus (repeat)

I was over my head
It was one of those nights...
