

How Can I Be Sure

How can I be sure
In a world that's constantly changing
How can I be sure where I stand with you
Whenever I'm away from you
I wanna die
'cos you know I wanna stay with you
How do I know
Maybe you're trying to use me
Flying too high and confuse me
Touch me but don't bring me down

Whenever I'm away from you
All my alibi is telling people
I don't care for you
Maybe I'm just hanging around
With my head up, upside-down
It's a pity
I can't seem to find someone
Who is as free to love me as you

How can I be sure
Really, really want to know
Really, really want to know
However, whether or not we're together
Together we'll see much better
I'll love you, I love you forever
You know that I can be found
How can I be sure
How can i, how can i, how can i
Really, really want to know
How can i, how can i, how can i
Really, really want to know
How can I be sure
Really want to know
