

It's Your Smile

Michael Ball

I cry the whole night, just for you
My tears will dry, that is true
But I can't live without you one more day
You're always in my heart, I swear
And if you call, I'll be there
But I can't live without you one more night
And I promise, I will touch the sky
If you ask me baby, I will die
Oh babe, I saved my life only for you

It's your smile, what makes my heartbeat fast
It's your smile, and it will last
I know, that you the one for me
It's your smile, I can never let you go
It's your smile, it always shows
I know, that you're the one for me

You mean everything to me
Day in, day out, you're a mystery
And I can't live without you one more day
And everyday is a new day
And I can't sleep to see you stay
Before my eyes my love can't let you go
And I promise, I will catch a star
Move a mountain, even I know so far
Oh babe, I saved my life only for you

It's your smile, what makes my heartbeat fast
It's your smile and it will last
I know, that you the one for me
It's your smile, I can never let you go
It's your smile, it always shows
I know, that you're the one for me

It's your smile, what makes my heartbeat fast
May I will be glad 'cause you're the one for me
It's your smile
