## Last Night Of The World

## **Michael Ball**

Alain boubil/claude michel schoenberg/richard maltby jr.) From the muscial. miss saigon In a place that won't let us feel In a life where nothing seems real I have found you I have found you In a world that's moving too fast In a world where nothing can last I will hold you I will hold you Our lives will change when tomorrow comes Tonight our hearts drown the distant drums And we have music all right Tearing the night A song Played on a solo saxophone A crazy sound, a lonely sound A cry that tells us love goes on and on Played on a solo saxophone It's telling me To hold you tight And dance like it's the last night of the world On the other side of the earth There's a place where life still has worth I will take you I'll go with you You won't believe all the things you'll see I know 'cause you'll see them all with me If we're together that's when We'll hear it again A song Played on a solo saxophone A crazy sound, a lonely sound A cry that tells us love goes on and on Played on a solo saxophone It's telling me To hold you tight And dance like it's the last night of the world Dreams They were all I ever knew Dreams You won't need when I'm through Anywhere We may be I will sing with you A song... A song played on a solo saxophone So stay with me And hold me tight

And dance Like it's the last night of the world
