You'll never know just how much I miss you  
You'll never know just how much I care  
And if I tried, I still couldn't hide my love for you  
You ought to know, for haven't I told you so  
A million or more times?  
You went away and my heart went with you  
I speak your name in my ev'ry prayer  
If there is some other way to prove that I love you  
I swear I don't know how  
You'll never know if you don't know now  
You said good-bye,  
The stars in the sky refuse to shine  
Take it from me  
It's no fun to be alone  
With moonlight and memories  
You went away and my heart went with you  
I speak your name in my ev'ry prayer  
If there is some other way to prove that I love you  
I swear I don't know how  
You'll never know if you don't know now
