You Made Me Love You

Michael Ball

You made me love you
I didn't want to do it
I didn't want to do it
You made me love you
And all the time you knew it
I guess you always knew it.

You made me happy sometimes
You made me glad
But there were times dear
Oh you made me feel so bad

You made me cry 'cause
I didn't want to tell you
I didn't want to tell you
I need a love thats true
Yes I do, deed I do, you know I do

I don't care what happens
When the whole world stops
As far as I'm concerned
You'll always be the tops cause
You know you made me love you

You made me cry 'cause
I didn't want to tell you
I didn't want to tell you
I need a love thats true
Yes I do, deed I do, you know I do

Gimme, gimme, gimme, what I cry for
You got the kinda kisses
That I would die for
You know you made me love you
Oh, you know you made me love you
