

Can I Touch You...There?

Michael Bolton

Baby, show me what you feel
Come to me, show me somethin' real
I need to know, I need you completely
Closer baby closer, come on closer, baby
Let it begin
Our love is takin' over, got to let it in

Ooh, I need to feel the heart of you
I need to reach the very deepest part of you

Can I touch you there, touch you deep inside?
Can I touch your heart, the way you're touchin' mine?
Can I touch you there, touch you deep within, oh?
Can I touch you there, can I touch you oh, there?

Baby tell me with your eyes, tell me every secret darlin'
Every deep desire till you and I are makin' love completely
Closer baby closer, oh come on closer baby
Can't be close enough
I can't help the way I hold you
I just hunger for your love

I need to feel the heart of you
Need to reach the very deepest part of you

Can I touch you there, touch you deep inside?
Can I touch your heart, the way you're touchin' mine?
Can I touch you there, touch you deep within, oh?
Can I touch you there, can I touch you oh, there?

All I wanna do is touch you baby
Touch the very soul inside of you
Ooh and I need to feel the heart of you
I need to reach the very deepest part of you
Let me be the one to show you just what love can do
Come on baby, come on

Can I touch you there, touch you deep inside?
Can I touch your heart, the way you're touchin' mine?
Can I touch you there, touch you deep within, oh?
Can I touch you there, can I touch you, baby?

Can I touch you?
Come on
Can I touch you there?
Deep within, can I touch you deep within there?
Come on closer, baby
Show me what you feel
Show me what you feel, baby
I gotta move you, move you, baby
