

Fallin'

Michael Bolton

Angels heard me callin'
Saw the mountains crumble
Fell in love with the wind

And all the time I spent dreamin' of you
An' all the love we made
But I never knew, I found you

I can feel love fallin', fallin'
I can see it comin', hey
'Cause Heaven sent you down to me
Heaven sent you down

Oceans reconformin'
To pave the way before me
Revealing your flawless aura

I saw your wings unveil
Inviting to me a world of love
But I wasn't even looking for ya, baby

I can feel love fallin', fallin'
I can see it comin', hey
'Cause Heaven sent you down to me
Heaven sent you down

You became rain in the air
When you appeared to me
Like a love mystery
Feels so real to me

'Cause you came from Heaven
Sent down straight to me
There's not another
That you can love, baby, baby, love

I can feel love fallin', fallin'
I can see it comin', hey
'Cause Heaven sent you down to me
Heaven sent you down

I can feel love fallin', fallin'
I can see it comin', hey
'Cause Heaven sent you down to me
Heaven sent you down

I can feel love fallin', fallin'
I can see it comin', hey
'Cause Heaven sent you down to me
Heaven sent you down
