

## From Now On

Michael Bolton

[Michael:]

You always said I'd never know how much I loved you  
Until it was too late to make you stay  
I know it looked as though I took our love for granted  
That doesn't mean I wasn't feeling all the things  
I meant to say

[Suzie:]

And who was I always asking so much of you  
To make you prove your love time after time  
Until I found myself living my life without you  
How could I have been so foolish, how could  
I be so blind

[Chorus]

[Michael & Suzie:]

From now on I'm gonna love you like there's no tomorrow  
I don't want to wait until our time has come and gone  
I'm gonna hold you now more than ever  
I'm gonna love you, I'm gonna love you, from now on

We both know it's true, when we're open to each other  
There's a love we'll never find with someone else  
And if we give it half a chance we'll be starting over  
So let me make your heart believe what I've been  
promising myself

[Chorus]

[Bridge]

Baby, there'll be no distance between us  
Oh, this time I know we're gonna make it  
together where we belong

[Chorus]
