

Gina

Michael Bolton

Nowhere to run I know
She's got the best of me
The deed is done, Heaven knows
She wants the rest of me

It's much too late
I'm caught up in the fantasy
There's no escape
My runnin' days are history

Gina, Gina, girl I surrender
Gina, Gina, I'm over my head
Never been in love this way
Never been in love this way

Been on the loose so long
Love couldn't hold me down
The flame in you was so strong
Girl you turned my heart around

Now I'm losin' sleep
Can't get you out of my head
Think I'm in too deep
I'm a slave to every word that you said

Gina, Gina, girl I surrender
Gina, Gina, I'm over my head
Gina, Gina, it's forever
Never been in love this way
Never been in love this way
