

# I Found Someone

Michael Bolton

Don't you know?  
So many things they come and go  
Like your words that once rang true  
Just like the love I thought I found in you  
And I remember the thunder  
I mean that fire in your eyes  
But you walked away when I needed you most  
And maybe, baby, maybe, baby

I found someone to take away the heartache  
To take away the loneliness  
I've been feeling since you've been gone  
Since you've been gone

Dry your eyes  
Never could bear to see you cry  
Someday your love will shine through  
And show you the feelings that never really knew  
Baby, don't you lose the thunder  
I mean that fire in your eyes  
You're looking at me but you still don't believe  
And maybe, baby, maybe, baby

I found someone to take away the heartache  
To take away the loneliness  
I've been feeling since you've been gone  
Since you've been gone  
Yeah!

Too long on the border line  
Wonderin' if your love was really mine  
You left me with open eyes  
That's when I realized, and I realized

That baby, I found someone to take away the heartache  
To take away the loneliness  
I've been livin' with since you've been gone  
Since you've been gone
