

It's Just A Feeling

Michael Bolton

Its not the tape this song is recorded on
Its not the way it ought to be done
Its not the words that the singer is singin
Its not the way the music is played
I know its nothin new
cause its all been done before

Its just a feelin baby
A feelin, oh yeah, a feelin baby
Its just a feelin
Thats all its been
Thats all its ever been

Its not the things you say to me
When were alone and the lights are low
Its not the smile on your face in the morning
Baby, that keeps me comin home to you at night
Dont understand what it does
But your love comes shinin through

Its just a feelin, baby
Its a feelin, oh
Oh, a feelin baby
Its a feelin that keeps me coming back
I want to tell you right now

Nothing is going to change, baby
When your love, your love comes through
Its just a feelin, baby
A feelin, oh, feelin baby
Just a feelin baby, ooh
Its just a feelin, its just a feelin baby
