

# Safe Place from the Storm

Michael Bolton

In this crazy world  
You can prove that you can make it  
If you're strong enough to take it  
Still there will be times  
When you find this life you're livin'  
Is just takin' all your givin'

When you need someone to run to  
The shelter of my love is always near  
Let me be your cover, whenever darkness falls  
I'll be there, I'll be there

[Chorus]

'Til the end of the line  
You can count on me baby, call me any time  
When the night is fallin' hard  
Come on out of the rain and into my arms  
Run to me, to a love that's safe and warm  
I'll be yours baby, your safe place from the storm

People in this world  
Can be blind and so demanding  
Show so little understanding  
And in these desperate times  
Seems like everything's deceivin'  
There ain't much we can believe in

Let me be the one you come to  
Show you one thing, trust is always here  
Let me be your cover, whenever darkness falls  
I'll be there, I'll be there

[Chorus]

(Run to me) When those cold and troubled winds have found you  
(Come to me) And I'll wrap my world of love around you  
I'll be your flame burnin' bright  
Be the sunlight in your day  
That'll take you through the night baby

'Til the end of the line  
You can count on me baby, call me any time  
When the night is fallin' hard  
Come on out of the rain and into my arms  
Run to me, to a love that's safe and warm  
I'll be yours baby, your safe place  
I'll be yours baby, your safe place  
I'll be yours baby, your safe place from the storm  
I'll be your safe place from the storm
