

Show Her the Way

Michael Bolton

You can't deny it
When that once in your life
Comes that one of a kind
Once she's inside it
She can shake up your heart
She can make up your mind

Everything in your life will change
When your love is your best friend
My advice to you is make no mistake
If you never want this feelin' to end

Show her the way, she makes you love her
Show her the way, she makes you feel
Let your emotions roll like thunder
You gotta let her know, you'll never let her go
Show her the way, oh yeah

Now love is for dreamers
Funny thing about dreams
Any moment they're gone
And love is the teacher
About makin' it last
About keepin' it strong

Promise the moon and stars
Swear the best is yet to come
But promises are not what it takes
To keep the flame forever young

Show her the way, she makes you love her
Show her the way, she makes you feel
Let your emotions roll like thunder
You gotta let her know, you'll never let her go
Show her the way

All you really need to show
Is everything she needs to know
You'll never show her the way
You'll never show her the way
You'll never show her the way

Show her the way, she makes you love her
Show her the way, she makes you feel
Let your emotions roll like thunder
You gotta let her know, you'll never let her go
Show her the way

Show her the way, she makes you love her
Show her the way, she makes you feel
Tell us it feels the heart with wonder
'Cause when you let her go, she'll never let you go
Show her the way

Show her, gotta show her, to show her the way
Show her, gotta show her, to show her the way
Show her, show her, show her the way

Show her the way, she makes you love her
Show her the way, she can makes you feel
Let your emotions roll like thunder
You gotta let her know, you'll never, never let her go
Show her the way
