

# This is the Time

Michael Bolton

[Michael]

As the years say good-bye  
One by one on silent wings they fly  
What will last, what is true  
That's a lesson I learned lovin' you  
This world will find its way somehow  
I've got all that I need right here, right now

[Chorus:]

This is the time when the cold winds blow  
When the snow falls from Heaven  
On the dreamers below  
Baby this is the time when I need to know  
That your love will always be mine  
Baby this is the time, Baby this is the time

[Wynonna]

Sometimes life leads you blind  
To the one you've been waiting to find  
Sometimes life lets you see  
Just how great the gift of love can be  
Now the light that fires the brightest stars  
Is waiting to shine on this moment of ours

[Chorus]

[Wynonna & Michael]

If life is just a dream, I know within my heart  
Just getting closer to you  
Is by far the sweetest part  
So tell me one thing baby, the one thing I need to know

[Chorus]
