

Walk Away

Michael Bolton

It's over now, gotta face it one last time
We'll never make it work, heaven knows we've tried
Living this life, holdin' on for so long
I know it won't be easy, but it's time to be strong

Walk away, walk away
Don't you wait a minute longer
Walk away from the love we know is wrong
Walk away, walk away
Do it now while I can find the strength to say
Leave me now, before my heart won't let you
Walk away

You and I, never wanted it to end
Just have to find a way, to start livin' again
Oh, love of my life, I don't want to let you go
Leave behind the memories, a forever that we'll never know

Walk away, walk away
Don't you wait a minute longer
Walk away from the love we know is wrong
Walk away, walk away
Do it now while I can find the strength to say
Leave me now, before my heart won't let you
Walk away

Ya know we can't go on, ya know the reason why
That don't make it any easier, when it comes to saying goodbye

Walk away, walk away
Do it now while I can find the strength to say
Leave me now, before my heart won't let you

Walk away, walk away
Don't you wait a minute longer
Walk away from the love we know is wrong
Baby walk away, walk away
Do it now while I can find the strength to say
Leave me now, before my heart won't let you
Walk away
