

# When There Are No Words

Michael Bolton

All of this time, I've been tellin' myself the truth  
I love you and that's the easiest thing to do, yeah  
How do I describe, how ya turn my world around?  
Ain't no wonder why those words are those ones I've never found

Oh girl, there's so much I mean to say  
And I'll keep tryin' till I finally find a way

When we make love, heart to heart  
Speak from our souls, we come shinin' through the dark  
We reach the stars still by far the deepest part  
[Unverified] the [unverified] when the tears begin to fall  
When there really are no words that's when we say it all

And how many times when you're lyin' close to me  
Have ya shown me, baby, how much in life don't really mean a thing?  
All that matters and in all the world remain  
Is your love and all ya mean to say

And then, hey baby, the heaven in your eyes  
Is all I see that means everything to me

When we make love, heart to heart  
Speak from our souls, we come shinin' through the dark  
We reach the stars still by far the deepest part  
[Unverified] the [unverified] when the tears begin to fall  
When there really are no words that's when we say it all

There's a power in the silence  
Where the truth is just too much  
There's a place of pure emotion  
Words were never meant to touch

When we make love, heart to heart  
Speak from our souls, we come shinin' through the dark  
We reach the stars still by far the deepest part  
[Unverified] the [unverified] when the tears begin to fall  
When there really are no words that's when we say it all

When there are no words  
That's when we say it  
'Cause there are no words  
When we say it there are no words
