

You Wouldn't Know Love

Michael Bolton

So now you're back; so you've had your fun
And now you're comin' 'round again
Sure, baby, I should let you in
So you can let me down again

Well, it doesn't really matter
What you say or do
You can tell me that you love me
But I know it ain't true

[Chorus]

'Cause you wouldn't know love
If it knocked down your door
You wouldn't know it now
You never knew it before
If it fell in your hands
From the heavens above
You wouldn't know love
No, you wouldn't know love

You say you've changed, say you've done me wrong
But you won't do it anymore
No, darlin', I don't have to tell you
Where I heard that line before

Baby, you'd say anything
To get back into my heart
But when it comes to lovin'
You don't even know where to start

[Chorus]

Did you think I'd believe
Anything that you'd say
Let you come back to me?
Baby, there's just no way
Baby, I've had enough
You wouldn't know love

[Chorus]
