

# You've Got a Friend in Me

Michael Bublé

You've got a friend in me  
You've got a friend in me  
When the road looks rough ahead  
And you're miles and miles  
From your nice warm bed  
You just remember what your old pal said  
Yeah, you've got a friend in me  
Baby you've got a friend in me  
You've got a pal in me  
You've got a friend in me  
You've got your troubles, I've got em too  
There isn't anything, I wouldn't do for you  
We stick together and see it through  
Cause you've got a friend in me  
Darling, you've got a friend in me

Now some of the boys might be  
A little smarter than me  
Or bigger and stronger, too  
Baby none of them is ever gonna love you  
The way I do  
Oh it's me and you know  
And as the years go by  
Our friendship will never die  
You're gonna see, it's our destiny  
Cause you've got a friend in me  
My baby you've got a friend in me

Now some of the boys might be  
A little smarter than I am  
Or bigger and stronger, too  
Baby none of them is ever gonna love you  
The way I do  
Oh it's me and you know  
And as the years go by  
Our love will never die  
You're gonna see, it's our destiny  
Cause you've got a friend in me  
You've got a friend in me  
You've got a friend in me  
My darling, you've got a friend in me
