

## Jesus Loves Me (this I Know)

Michael Card

Jesus loves me, I know it's true  
Because He died for me and He died for you  
When I think of all the pain that He went through  
I want the world to know and I want to shout the news

Jesus loves me, this I know  
It's not just the Bible that tells me so  
I can feel it, feel it in my soul  
Jesus loves me, this I know

Jesus loves me, how can it be  
That the only Son of God should care for me  
To take away my sin and set me free  
To take my life and make it all, it's meant to be

Jesus loves me, this I know  
It's not just the Bible that tells me so  
I can feel it, feel it in my soul  
Jesus loves me, this I know

Jesus loves me, He loves you too  
You can't understand it all just believe it's true  
He'll take away your old heart, give you one that's new  
You'll feel the walls come down as His love comes breaking through

Jesus loves me, this I know  
It's not just the Bible that tells me so  
I can feel it, feel it in my soul  
Jesus loves me, Jesus loves me  
Jesus loves me, this I know
