

Heavy Traffic

Michael Cretu

Heavy traffic, highway song
Steely bodies on parade
Heavy traffic, roll along
High performance cavalcade
Heavy traffic, rubber burning
All together, stop and go
Heavy traffic, miss a turning
Interrupt the traffic flow

If I ever get to heaven
I'll be sure to go by train
If I make it home by seven
I'll never drive again

Heavy traffic, stormy weather
Monday morning on the road
Heavy traffic, wait forever
Following an overload
Heavy traffic, never-ending
Spitting poison in the air
Metal river, who's pretending
You won't ever get me there

If I ever get to heaven
I'll be sure to go by train
If I make it home by seven
I'll never drive again
